NEWSLETTER OF THE

BLUE RIDGE LEDGER

GLEND A M. ANGUS, EDITOR

OCT 2019

## COMMENTS FROM THE PRESIDENT

By the time this newsletter is published the 2019 National rally in Pueblo and our fall rally in St. Louis MO will be complete and we have gone our separate ways. Nineteen Blue Ridge Coaches were in attendance at the National rally in

Pueblo Colorado and 8 moved on to St. Louis for our fall rally. Four coaches were new to Blue Ridge or attended their first National rally. I would like to Welcome Gerald and Julia Scriven, Randy and Mary Conklen, Robert Orr and Nikki Taylor, Tom and Toni Abel.

We took different routes to get there. Some of us went through Missouri, South Dakota, Wyoming, and Colorado. Others took the Southern route through Texas and New Mexico. Some of our full timers have been hovering around Colorado. Eleven coaches met in Colorado Springs and traveled to the rally together.

The Rally went very well, despite some parking and electrical issues. The agenda was packed full of seminars and presentation. Entertainment and meals were great. Members assisted other members with minor repairs and other issues with their coach. We even had one couple that washed and waxed another members coach. Everyone seems to have had a great time. Jim and Susan Sullivan, the California Chapter, and volunteers really worked hard to put together a great rally despite some issues that developed during parking and registration.

The fall rally was good. We ate well as always. Dinner at Sevens restaurant located in the Casino Queen and a dinner buffet and breakfast

brunch at Market Street Buffet. We also had dinner at Mama Campisi's on the hill. On Thursday we visited the St. Louis Arch and Old Court House. Friday became a maintenance day. We replaced a microwave and diagnosed some electrical issues with Mike and Retha Hopkins's coach and installed a new television antenna on Mike Denning and Kate May's coach. On Saturday we visited the Budweiser brewery. Our last day was a chill day capped off with a pizza dinner at Don and Chris Muskopf's home.

Planning for the 2020 National rally in Sevierville TN. is going well. Frank Cason has negotiated and finalized arrangements with the Ridge RV Resort. Catering and entertainment are close to being finalized. Other committee members are working on door prizes and goodie bag items. Bob Angus made a presentation to the DOAI board and was well received by the board and the general membership.

You all should have received an email from Glenda with information on our spring rally in Sevierville. This will be a working rally. But as always we will find time to have fun.

Safe travels to all.

BLUE RIDGE DISCOVERYS

Chapter Meeting

26 September 2019

Colorado State Fairgrounds, Pueblo, Colorado

President Jim Pinkerton called the meeting to order at 2:00 P.M. It was decided to forego the Pledge due to not having an American flag available.

Secretary's Report: Secretary Linda G. Terrill sent all members the minutes on 05/11/19. The minutes were sent, again, to those members attending the Fall National Rally, on 09/25/19. Talis Chalk moved to accept the minutes as submitted. Angel Rodriquez seconded the motion. The motion carried.

Treasurer's Report: Treasurer Mike Hopkins sent the Treasurer's Report to all members on September 25, 2019. Bob Angus moved to accept the report as submitted. Harry Terrill seconded the motion. The motion carried.

Membership Update: Membership Chairman, Rick Blaher, reported as of September 14, 2019, there were 56 coaches in the club. Since that date there are possibly 3 more member/coaches who have joined.

President Pinkerton discussed the need for membership recruitment, not only for Blue Ridge Discoverys, but for DOAI as well. Rick Blaher said he has flyers for DOAI. Apparently, there is about an annual turnover of approximately 300 member/coaches. Tom Able discussed the possibility of getting cards printed for Blue Ridge Discovery. He agreed to look into the cost of such endeavor and report back to the members.

Rally Master Report: President Pinkerton reported the Fall Rally is scheduled in East St. Louis, IL. on October 2, 2019 through October 7, 2019. Some members attending the National Rally plan on caravanning to East St. Louis for the upcoming BRD Rally.

The Spring 2020 BRD Rally is scheduled for April 26, 2020 through April 30, 2020 in Sevierville, TN at The Ridge Outdoor Resort. Early arrival will be April 25<sup>th</sup>. This is a working rally. There are presently 25 sites being held. Call 1-865-505-3111 or 1-888-559-2267 to make your reservations. Be sure to mention you're with Blue Ridge Discoverys.

Bob Angus discussed the Fall 2020 National Rally scheduled September 28, 2020 through October 3, 2020. Non-Blue Ridge Discoverys early arrive is September 26<sup>th</sup> and 27<sup>th</sup>. Early arrival for Blue Ridge Discoverys is September 25, 2020.

President Pinkerton encouraged people to research rally sites for future rallies and get in contact with Tim Ridgely with that information.

Don Muskopf announced a rolling rally of motorhomes (both Discoverys and non-Discoverys) starting out on August 18, 2020 basically touring the upper east of the United States (Maine, Connecticut, Vermont, New York, Massachusetts, and other states). If members are interested in participating, please contact Don Muskopf.

Old Business: President Pinkerton reported there are still studies being made concerning possible T-shirt manufacturers. There are still T-shirts available from Dick Pryor. Glenda Angus will include the order form in the newsletter.

New Business: There was no new business.

Announcements: Glenda Angus reminded the members she needs news for the newsletter by September 29, 2019. President Pinkerton announced Glenda Angus will become the DOAI Editor as well. Robert Orr is the new DOAI web master.

There being no further business issues to discuss, President Pinkerton called for a motion to adjourn. Kathy Pinkerton moved to adjourn. Bob Angus seconded the motion. The meeting adjourned at 2:49 P.M.

Respectfully submitted,

Signed  
Linda G. Terrill, Secretary

# Tidbit

My outside TV quit working. It's a Sony 32" Bravia that came installed on the coach. There are 2 more of this exact model inside. It started having a problem about a year ago when the feed from the satellite dish wouldn't show up. At that time, I figured out that HDMI Port #1 had gone bad, so moving the cable to HDMI Port 2 took care of the problem.

A few weeks ago, HDMI #2 port also quit working. Shortly after that, just about everything else quit working. The remote would not work at all. The power indicator light that normally shows red if there is power present should turn green when the TV comes on. Pressing the on/off button on the TV had no effect unless I held it down for several seconds. Then the TV would turn on, but the indicator light remained red. I received a picture from the over the air antenna, and could change channels with the up/down button on the back of the TV, but was not able to scan for new channels when changing locations.

TV's have gotten pretty inexpensive so I thought the best thing to do would be to get a replacement and get rid of the defunct Sony. I took it out of the cabinet and hauled it to Best Buy since they accept electronics for recycling. Best Buy wanted \$25 to take it off my hands. Pfffft! The county recycle center where we were staying only charged \$12, so I decided to hang on to the TV until we could drive over there.

In the meantime, I discovered a TV repair shop near us. I had no idea there was any of those around anymore. I stopped by the repair shop to see what they might charge to take a look at the Sony. The guy said that if I decided to have it repaired he charged \$40 to look at it, plus parts and the hourly shop charge on top of that. He also said he wouldn't be able to look at it until the middle of the next week. Since we were leaving the area in a couple of days, that didn't work for us.

At that point, I conducted an internet search on repairing TV's and found a bunch of videos. I even saw one on repairing my particular model. Some of the videos explained what parts might be bad based on what the TV was doing or not doing, and it looked like my issue was probably caused by a bad logic control board. The individual conducting the video also gave me information on a several websites for vendors that sell replacement TV parts.

I visited the website [shopjimmy.com](http://shopjimmy.com) and found the board for \$33 shipped. I removed the back from my TV and the board on the website looked exactly like mine, so I placed the order. When it arrived, I swapped out the board, and plugged in the TV. Everything is working perfectly! Now I can watch Cheryl planning her she-she-er She Shed.

If you should happen to have a TV that malfunctions, it may be fairly easy to repair it yourself. My project turned out to be a pretty simple job, and I shudder when I think I was about to pay to throw an easily repairable TV in the dumpster.
