PRESIDENT'S REPORT

Another month has passed and travel in the "D" is a top priority for many of us. Alice and I attended a rally with another organization and it was great to see the comraderie in other clubs like we have in ours.

The weather in Tennessee has been fine, but the weather in other areas of our country has been terrible. I have spoken to people in Indiana that had to be towed off of their site because of heavy rain creating a mud hole. People in the Southwest are battling the 110 degree temps.

Let's all remember safety comes first. Flash floods come fast and usually are a wall of water traveling very rapidly. Working outside in the very hot temperatures is also dangerous. **BE CAREFUL.**

Most of us have weather radios or Apps for our telephones; weather alerts are issued by county, so make certain you know what county you are in so you can take appropriate measures.

Our August Rally is approaching. Check the rally schedule, make your reservations and come join the fun.

Check the DOAI EXPRESS for the DOAI National Rally application and send it in. Maybe we can have a Rolling Rally to Iowa.
